### **My Room.**

This is my room. It is not very large and there is only one window in it. Opposite the window there's a white door. Now the door is open, but usually it is closed. Near the window there is a desk. The desk is on the left. There is some paper and a number of books on the desk. But usually I keep paper in the desk and books in the bookcase. There is a telephone there too, just behind the books. In the corner there is a small table with a TV set on it. In front of the desk there is an armchair, I like sitting in this armchair. It is very cosy. By the door there are two bookcases full of books. There is no table in the middle of the room with the chairs round it, but there is a little table in front of the sofa. There is no bed in the room but there is a sofa. I sleep on the sofa. It is very cosy too. On the floor near the sofa there is a red and dark-blue carpet.

You see a floor lamp by the sofa on the right. I like lying on the sofa and reading some book in the evening. Above the sofa there is a picture on the wall.
